

Hanalei

Hitchcock

Feeling good and I don't know why
Another day and another high
I walk around like I am on the ray
Somewhere way in the rays of Hanalei I met a girl and I liked her vibe
Another day and another ride
I met a girl who wants to save the world, save the world
Make it safe for someone else to find their faith I'm away I'm away... Hanalei A simple song and it made me cry
I really don't want to pass me by
A simple song that spoke of Hemmingway
The revolution in your blood creates the wave I picked her up on the road to surf
Looked a lot like a mother earth
She said hello my name is Charlotte Gray, hey
Make it safe for someone else to find their faith I'm away I'm away... Hanalei
