

# Chris Paul

## Riff Raff

[Intro]

Yeah

I can hit them all, yeah

Bout to hit them all, yeah[Hook]

I can hit them all and ball like Chris Paul

I can hit them all and ball like Chris Paul

I can hit the club, drink a gallon of Cristal

I can hit them all, I can hit them all, yeah

I can hit them all and ball like Chris Paul

I can hit them all and ball like Chris Paul

I can hit the club, drink a gallon of Cristal

I can hit them all, I can hit them all, yeah[Verse 1]

Ey, yo, shootin' jumpers and my skills are terrific

Should I finger roll or off the glass to Blake Griffin

Ten thangs go through my brain when I drive the lane

I might tear drop a floater, let it fall like the rain

Change lanes, change lanes, I only fly private planes

Drop a 100k on a chain like Wilt Chamberlain

Change the game but I'd rather change my clothes

If I don't like it in your city, I can change my zip code[Hook]

I can hit them all and ball like Chris Paul

I can hit them all and ball like Chris Paul

I can hit the club, drink a gallon of Cristal

I can hit them all, I can hit them all, yeah

I can hit them all and ball like Chris Paul

I can hit them all and ball like Chris Paul

I can hit the club, drink a gallon of Cristal

I can hit them all, I can hit them all, yeah[Verse 2]

Uh, top back, Neon python suplex

Drop 50k on my ruby red Rolex

Drankin' and scorin' [?] choppin' blades on the foreign

Bank account soarin' like DeAndre Jordan

Tattoos on my arm, I was raised on a farm

But I can cruise on 22s, hit 3s like Matt Barnes

Shaking dice in Boston, don't matter what it's costin'

Tint darker than coffee, my mouth looks like ice hockey[Hook]

I can hit them all and ball like Chris Paul

I can hit them all and ball like Chris Paul

I can hit the club, drink a gallon of Cristal

I can hit them all, I can hit them all, yeah  
I can hit them all and ball like Chris Paul  
I can hit them all and ball like Chris Paul  
I can hit the club, drink a gallon of Cristal  
I can hit them all, I can hit them all, yeah
