Sail On

Stonebolt

With all your worldly possessions
Do you have the time to make up your mind?
And at only your recording sessions
Is there an answer that you're trying to find?

Does the music become a consolation?
Is a singer all you ever want to be?
I promise lady, I would love to listen
To every song you want to play on me

*Sail on girl, you?re winning, you're winning
Sail on past the storm on your sea
Sail on while the night bird is singing
Heartbreaks for a lonely magazine

The power of this song ls ever widening
And it grows more timeless day by day
Every hour your image grows stronger
Until your life runs like the final play

And you are a dealer of emotion
And you can deal up any heart that you please
And all your lovers stand to attention
Baby, I?m the only one down on my knees

Repeat* (twice)
