

# Another Pearl

## Badly Drawn Boy

Why are you tremblin' so much?  
I don't think I ever felt so good  
When all I need is to be free  
Where I love you and you love me Follow the circle sur le plage  
On a mono-colored trip voyage  
This is the color of my world  
Stay and watch me find another pearl Follow the gold leaf trail back where  
We were young and didn't have a care  
Tracing the circles that we make  
I don't wanna live life in your shade Will this be a desert or a beach  
Or a place to find the things we need Now, you and I make up perfect things  
Watch me trade my wheels for wings  
But don't ever use the wings to fly  
Just the essence of a lullaby Now, I am a giant grain of sand  
But I may be slippin' through your hand  
Follow my color coded world  
And [Incomprehensible] find another pearl It's a sound I love  
And it came from above  
There's the sound of the sea  
Are you following me? Let's walk to the sound of distant shells  
To a place where life would have no end  
You'd be the mother of my pearls  
If you followed me into my world Back to a place where we came through  
Where I'd love you and you'd love me  
This is the color of my world  
Watch me find another pearl  
Watch me find another pearl
