

Take Me Higher (feat. Alessia And Play & Win)

Inna

Do you remember that summer we had it all
We spent our days in the ocean, under the sun
And when the night time was over
We'd just begun You don't know what's forgotten until it's gone
I know that we, we were on in a moment
How could this be, a woman
I should be free
But you know that I want you Don't let me with myself all night long
You take me on, take me on, to the ceiling
Higher with every touch
You turn me, turn me on, can you feel it?
I wanna be in love
Take me higher
Hi-hi-higher, hi-hi-higher
Take me higher Hi-hi-higher, hi-hi-higher
Do you remember that summer we had it all
We spent our days in the ocean, under the sun
And when the night time was over
We'd just begun
You don't know what's forgotten until it's gone
I know that we, we were on in a moment
How could this be, a woman
I should be free But you know that I want you
Don't let me with myself all night long
You take me on, take me on, to the ceiling
Higher with every touch
You turn me, turn me on, can you feel it?
I wanna be in love
Take me higher
Hi-hi-higher, hi-hi-higher
Take me higher
Hi-hi-higher, hi-hi-higher
