Drunk Girls In the Club

Jump Smokers

She walks in stumbles out
People talk that girl shouts
Y'all say drink, she does shots
Y'all get buzzed, she gets rockedOn the floor she falls down
Gets back up and flies around
Hot mess chicks looking for love
Watch out, drunk girls in the clubWatch out, drunk girls in the clubDamn girl, put down your drink
Everybody here knows that your breath stink
And you're fine as hell but you know what I think
Can't see that pretty face with your face in the sinkPace yourself, it's a long night
Got your hair and your makeup and your nails just right
And your booty stick out, girl, that dress skin tight
Don't wanna mess it up 'cause you get in a fightShe walks in stumbles out
People talk that girl shouts
Y'all say drink she does shots
Y'all get buzzed she gets rockedOn the floor she falls down
Gets back up and flies around
Hot mess chicks looking for love
Watch out, drunk girls in the clubWatch out, drunk girls in the clubDamn girl, you'da lost you're mind
Get it together 'cause you ain't never gonna find
A dude at a club that'll show respect
But the way that you rack, girl, what you expect?Monday, Tuesday, Wednesday, drunk
Thursday, Friday, Saturday, drunk
All day Sunday ling around in a thong
Definition to hot mess, to be quite bluntShe walks in stumbles out
People talk that girl shouts
Y'all say drink, she does shots
Y'all get buzzed, she gets rockedOn the floor she falls down
Gets back up and flies around
Hot mess chicks looking for love
Watch out, drunk girls in the clubWatch out, drunk girls in the club
