

# The Dreamer (SAMURAI Edit)

## The Tallest Man on Earth

I'm just a dreamer but I'm hanging on  
Though I am nothing big to offer  
I watch the birds, how they dive in then gone  
It's like nothing in this world's ever still And I'm just a shadow of your thoughts in me  
But sun is setting, shadows growing  
A long cast figure will turn into night  
It's like nothing in this world ever sleeps Oh sometimes the blues is just a passing bird  
And why can't that always be  
Tossing aside from your birches crown  
Just enough dark to see  
How you're the light over me And by your side, girl, where the acres grow  
Into the strong and stunning meadow  
A cowboy stumbling in the finest field  
And nothing good out there won't be old Oh sometimes the blues is just a passing bird  
And why can't that always be  
Tossing aside from your birches crown  
Just enough dark to see  
How you're the light over me Sometimes the blues is just a passing bird  
And why can't that always be  
Tossing aside from your birches crown  
Just enough dark to see  
How you're the light over me
