

# My Addiction (Interlude)

## Rehab

My addiction makes me piss on floors  
and go home with these scabby whores  
i took to much LSD  
now i'm in I C U at MRE  
Cocaine and Coors come out my pores  
Pukin in the kitchen down on all 4's  
My heads an earthquake i sweat and shake  
Ashes on a coke can ready to melt a cake  
Spittin blood, Pickin sores, fuck cuttin the line  
Stick the straw in the bag and do it all at one time  
Fuckin chicken heads wearin house shoes and rollers  
Tried to pawn a remote control as a motorola  
Got it beat bop Pubu pull lip and tug  
Pooky and snoop-snoop and some other thug  
Blacked out in the crackhouse and wet my pants  
I almost died, dove out the ambulance  
My dads Jack Daniels kicked the cockerspaniels  
First i did a bump off my high school annual  
Gettin geeked hit the toilet for a quick jackoff  
by the time i got a nut i rip my dickskin off  
Punched a hole in the wall, i got crabs on my balls  
and i'm lookin for a pepple in the carpet in the hall  
Runnin from drug raids, my brains an arcade  
MY FAMILY'S AFRAID I GOT AIDS  
My addiction makes me piss on floors  
and go home with these scabby whores  
i took to much LSD  
now i'm in I C U at MREMy addiction  
My addiction  
My addiction  
My addiction
