

Who's Listenin' In

Walter Trout

I called my baby on the telephone

I said don?t do me no d ?

?Cause I?m so far from home.

My baby started talkin?, she said it sweet and nice

And I got a funny feeling someone ain?t right

Somebody?s listenin? in I can hear him laughing clear

And hear him breathin? heavy like playing in my ear.

Somebody else is on the telephone line

Listenin? to me talkin? with that baby of mine

I gotta tell you an answer why don?t you look alone

?Cause me and my baby we?re doin? nothin? wrong.

Whoever?s listenin? to everythin? we say

Just hang up the receiver that?s ruinin? my day

Who?s listenin? in (4x)

Somebody?s listenin? to everythin? we say

I?m gettin? worried ?cause the stuff has taken both away

Guitar solo

I just want to love you on the telephone

We?re doin? nothin? wrong, so just leave us all alone

It really ain?t your business what we got to say

We?re tryin? to have some fun and we?re doin? i tour way

I wanna talk to my baby any time I can

But I?m feelin? I?ve been talkin? to another one?s man

Guitar solo

Who?s listenin? in (repeat)
