(i've Got No) No Self Control

Gareth Gates

I'm into sweet sensations
you're my one temptation
I've never felt before
I feel a strong attraction
a strange reaction
that leaves me wanting more
I'm outta my mind
I'm outta my head
I'm losing my heart
I'm easily lead
like nothing before
as good as it gets
you're making me hot
you're making me sweat
I got no no self control
when I'm with you
oh what I give you
baby
I got no no self control
when I'm round you I'm losing it all for you
I'm under no illusion
I'm a search confusion
I cant help myself
I think I need protection
from a deep affection
don't want nobody else
I'm falling apart
I want you to know
the more you resist
the deeper I go
the longer I wait
the weaker I get
you're making me hot
you're making me sweat

I got no no self control
when I'm with you
oh what I give you
baby

I got no no self control
when I'm round you I'm losing it all
I got no no self control
when I'm with you
oh what I give you
baby
I got no no self control
when I'm round you I'm losing my head now
baby baby
I'm outta my mind
I'm outta my head
I'm losing my heart
I'm easily lead
like nothing before
as good as it gets
you're making me hot
you're making me sweat
I got no no self control
when I'm with you
oh what I give you
baby
I got no no self control
when I'm round you I'm losing it all now
I got no no self control
when I'm with you
oh what I give you
baby
I got no no self control
when I'm round you I'm losing it all for you
