

# Dance Wit Me

Rufus

Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me If you feel like dancing all night long  
Band goin' strike it up and play you a party song  
If what you feel is real then we gon' get down and groove  
I love the way you party, I love the way you move Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me Know this joint is jumping everybody bumpin' away  
We got the groove and you know that it's here to stay  
So if you feel like dancin' put on your dancin' shoes  
I love the way you party, I love the way you move Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me If you feel like dancing all night long  
Band goin' strike it up and play you a party song  
If what you feel is real we gon' get down and groove  
Love the way you party, I love the way you move Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me  
Dance wit me, baby baby dance wit me
