

Los Angeles

Kill Hannah

i must get away
yeah, i just can't stay right now
i think i can say when other stars go in sane, and how
everybody's stuck in 1981 and they suck
everybody thinks that they could live and learn
but they don't what's the worse thing that could happen?
you've got to take the chance
everyone will tell you not to
but no one understands
silly little charmer
with that sparkle in your eye
seize your hope and kiss their ass goodbye woah yeah
you have to
go to los angeles
los angeles
los angeles hey what will you do?
they're waiting for you right now
i'm going to so. cal
where metal's alive and well
right now and how
well, everybody said just stay at home
and grow old
fuck it, i am going to play tokyo what's the worse thing that could happen?
you've got to take the chance
everyone will tell you not
but no one understands
silly little charmer with that sparkle in your eye
they envy you, so kiss their ass goodbye woah, yeah you have to
go to los angeles
