Juke Joint Love

Sonny

Verse1
You only like me when I'm doing the twist
Pay no attention while I look at your lips
You think I came and watched you dance with your risk
And do the locomotion girl and that's itPreChorus
You and me
Belong together
Don't worry about it
You can see
I wanna let go
It ain't helping my bodyChorus
Yeah Yeah
And I don't need your love
Your juke joint love
So you can keep that love
Your just a juke joint lovePostChorus
You want to bend the rules and twist and shout
I said a twist a shout a twist a shout
You do the locomotion so well
I said a twist a shout a twist a shout
