El Barrio

Eden xo

Hey drifter,
Took an 80 year supply
And now I need a pacer
Dragging on my back
And I just can't shake his whisper
You're my religion and I praise you like a scripture

Everyone I used to know thinks I'm insane
In the membrane
My mother told me I should break ties
I threw her to the wayside

Fell in love with a papi, gangster, Julio
From El Barrio
Took a trip in his whip now I'm whipped on my cholo
From El Barrio
I'm worried about my soul
But wherever he goes I'll go
If you never see me again, I lost my heart
In El Barrio
In El Barrio
In El Barrio

Hey pusher
I'm his white bitch and I love it when he call me gringa
And I'll go ape shit if I catch him with another chica
He my man I'm his (?) I'm his Mona Lisa

Everyone I used to know thinks I'm insane
In the membrane
My mother told me I should break ties
I threw her to the wayside

Fell in love with a papi, gangster, Julio
From El Barrio
Took a trip in his whip now I'm whipped on my cholo
From El Barrio
I'm worried about my soul
But wherever he goes I'll go
If you never see me again, I lost my heart

In El Barrio
In El Barrio
In El Barrio

[Instrumental]

Fell in love with a papi, gangster, Julio
From El Barrio
Took a trip in his whip now I'm whipped on my cholo
From El Barrio
I'm worried about my soul
But wherever he goes I'll go
If you never see me again, I lost my heart
In El Barrio
In El Barrio
In El Barrio
In El Barrio
In El Barrio
