

# Let's Call It Off

Peter Bjorn and John

When you decided to knock on my door  
Did you remember what happened before?  
It just didn't sparkle, it just didn't grow  
Some things live better inside of a store  
Did you agree, we should let it be  
And did you agree, it's a must  
Let's call the whole thing off  
We just have had enough of us  
Let's call the whole thing off  
We just have had enough of us  
I know many people who met the same way  
Relations that lasted for more than one day  
But I don't wanna know why we couldn't do more  
Some things are better to leave unexplored  
Did you agree, we should let it be  
And did you agree, it's a must  
Let's call the whole thing off  
We just have had enough of us  
Let's call the whole thing off  
We just have had enough of us  
Let's call the whole thing off  
We just have had enough of us  
Let's call the whole thing off  
We just have had enough of us
