Don Fraser & Detour

Times are so trying, every day is harder than before.
And I'm slowly fading, every day I need you so much more.
I want to see.

This world has deceived me. It's taken but gives nothing in return.
Confused by my feelings, so little time and yet so much to learn.
What can I say, where will I go, without You to lead me?
How can I see without Your light?
This day looks black I am afraid, what will the end bring?
Take this blindness from my eyes.

I want to see. I want to see. I want to see !

I don't know where but I've got to run.
Where you goin to run to
Maybe I'm cursed for something I've done.
The price has been paid for you.
What if I strayed too far from His plan.
He knew you would stumble.
I want to feel the touch of His hand.
Can't you see He's with you?

Long is my journey.
All that I have found has been in vain.
But I've found a reason.
My joy is in the power of Your name.

What can I say, where will I go, without You to lead me?
How can I see without Your light?
This day looks black I am afraid, what will the end bring?
Take this blindness from my eyes.

I want to see. I want to see. I want to see

I want to see !
