Famous Last Words

Finger Eleven

Advisory - the following lyrics contain explicit language:

My last words to you
I think I might romanticize
I don't think I'd be satisfied
If all I said was goodbyeAnd my last words to you
Don't come out as the time goes by
I think you said thank you
Or I might have just said see you aroundBut hey
What the hell's the difference anyway?
I never could find the right words to say
You always made me speechless anyway
And words that lurk me to this dayI know you never heard any famous last words
NoMy last words to you
Don't come out as the time goes by
I think you said thank you
Or I might have said, see you aroundBut hey
What the hell's the difference anyway?
I never could find the right words to say
You always made me speechless anyway
And what's it that lurk me to this day'Cause not much more I can do, but I'm not wrongI know you never heard any famous last words
No
I know you never heard any famous last words
NoAnd not much more I can do but I'm not wrong
On, on and onI know you never heard any famous last words
No
I know you never heard any famous last words
NoI know you never heard any famous last words
No
I know you never heard any famous last words
No
