

# Bigger Than Love (Acoustic)

## My Favorite Highway

We've all got scars as big as ours  
A token for the pain we hide inside of us  
Everyone's scared that somebody knows  
You push it inside, yeah, that's how it goes  
If you've ever heard a beating heart  
A rhythm for the songs we're too afraid to sing  
Nobody here is perfectly fine  
A delicate frame, a fragile design  
If there's a hole in your heart  
You gotta pull it together  
It takes the courage to start  
But now is better than never  
It takes a push and a shove  
Somehow it's never enough  
And it's alarming how quickly we forget that  
Nothing's bigger than love, oh, oh  
Nothing's bigger than love, love, love  
Nothing's bigger than love, oh, oh  
All you need, all you need, all you need is love  
Some people change and some just won't  
You can't take back the words you wish you'd never said  
Promises break and lovers will lie  
You hold up your hands and let out a sigh  
So smile right before you fall  
And lay beside this mess and call it consequence  
Somebody said that life isn't fair  
When somebody else was saying a prayer  
Nothing's bigger than love, oh, oh  
Nothing's bigger than love, love, love  
Nothing's bigger than love, oh, oh  
All you need, all you need, all you need is...  
No one's taking me out  
Nothing's pulling me down  
I turn my head to the crowd  
This love is big and it's loud  
This is the car in the crash  
This is the light in the flash  
This is the answers you know  
But you're just too scared ask  
If there's a hole your heart  
You gotta pull it together  
It takes the courage to start  
But now is better than never  
It takes a push and a shove  
Somehow it's never enough  
So now it's never enough  
Nothing's bigger than love, oh, oh

Nothing's bigger than love, love, love, love  
Nothing's bigger than love, oh, oh  
All you need, all you need, all you need is Yeah all you need, all you need is love  
You need love  
All you need, all you need is love
