We Are Not Alone

Karla DeVito

Things look clear in black and white
The living color tends to dye our sight
Like dynomite
Just imagine my surprise
When I looked into your eyes and saw
Your disguiseIf we dare expose our hearts
Just to feel the purest parts
That's when strange sensations start to growWe are not alone
Find out when your cover's blown
There'll be somebody there to break your fall
We are not alone
'Cause when you cut down to the bone
We're really not so different after all
After all
We're not aloneFlying high above the sky
The battles down below look simplified
With no place to hide
But on inspection of the dust
I came upon this thing called trust
It helps us to adjustJust imagine my surprise
When I looked into your eyes
I knew right then I'd never let you goWe are not alone
Find out when your cover's blown
There'll be somebody there to break your fall
We are not alone
'Cause when you cut down to the bone
We're really not so different after all
After all
We're not alone
Not alone
After all
Not aloneIf we dare expose our hearts
Just to feel the purest parts
That's when strange sensations start to growWe are not alone
Find out when your cover's blown
There'll be somebody there to break your fall
We are not alone
'Cause when you cut down to the bone
We're really not so different after all

After all
We're not aloneWe are not alone
Find out when your cover's blown
There'll be somebody there to break your fall
We are not alone
'Cause when you cut down to the bone
We're really not so different after all
After all
After all
