

C'mon Everybody

Humble Pie

Well, c'mon everybody, let's get together tonight
Got a pocket full of money, ooh, I'm gonna spend it right
I've been doin' my homework all week long
Now my house is empty, my folks are gone, c'mon everybody
Well, took my eyes from the wall 'cause I'm
gonna dance with three or four
Till you can't hear the music for the bare feet slappin' on the floor
When you hear the music and you can't sit still
And your brother won't rock, then your sister will, c'mon everybody
Get up put it out
Oh, c'mon everybody, let's
get together tonight
Got a pocket full of money, ooh, I'm gonna spend it right
I've been doin' my homework all week long
Now my house is empty, my folks are gone
C'mon everybody, c'mon, c'mon everybody
