

# The Village

Louis Febre

When a new life turns towards you  
And the night becomes a day  
We shall remain forever  
Everyone who meets his way  
Oh, our love is like the flowers  
The rain, the sea and the hours  
Oh, our love is like the flowers  
The rain, the sea and the hours  
(Ooo)  
Oh

When the rain falls to the sea  
They'll be waiting for you and for me  
And the sky reflects our image  
Trying to sleep right through our lives  
Oh, our love is like the earth

The sun, the trees and the birth  
Oh, our love is like the earth  
The sun, the trees and the birth  
(Ooo)

I am still here two days later  
Same place, same time  
And I'm stuck here two years too long  
Same place, the wrong time  
Oh, our love is like the flowers  
The rain, the sea and the hours  
Oh, our love is like the flowers  
The sun, the sea and the hours  
Their love died three years ago  
Spoken words I cannot show
