

Good To Me

Otis Redding

I don't know what you got baby
But you're so good to me
I don't know what you're doing wrong to me baby
But you're so good to me
I've been loving you, honey, for a long time
And you're still good to me
I've been loving you woman 20 long years
I'll love you 20 more
'Cause I've got that will to try, huh
I remember those sweet kisses you give me last night
And man they were so good to me
All of that good, good, good old loving you give me baby
Honey we were sure good to me
I've been loving you woman
20 long years
If it takes 40 more
Honey, I let my will to try, huh
I don't know what you're doing to me baby

But it sure is good to me
Whatever you do wrong honey, I don't care baby
Because you're so good to me
I'm going to keep loving you woman
For 20 more years
After that I'm going for 40
'Cause I've got my will, huh, to try
I've been loving you woman too long
But I'm just gonna keep on loving you all day long, honey, I love you
Never gonna dissatisfy you in no kind of way, honey
And I'm gonna love you baby long in the early morning sun
You're just so good to me baby
And I love, love, love you, honey
I just love, love, love you, baby
I'm just keep on loving you honey
'Cause you're so good to me
So so good to me, baby
So good to me, love, love, love, honey
