

Stranger By Nature

China Crisis

Stranger by nature
And that's how I find her
A vision of beauty
Of intimate detailOf infinite interest
A measure of success
Stranger by nature
And that's how I find herShe's no trouble at all
Keep making demands
She's no trouble at all
Keep making demands
On me and my friendsTwo lovers kissing
Together in dreaming
Dream a reality
Of the heavens descendingStranger by nature
And that's how I find her
Stranger by nature
And that's how I find herShe's no trouble at all
Keep making demands
She's no trouble at all
Keep making demands
On me and my friendsStranger by nature
And that's how I find her
A permanent feature
On me horizonStranger by nature
And that's how I find
Stranger by nature
And that's how I find her
