

Crazy

Shawn Mendes

Think I don't need a watch to tell the time
Think I don't need the sun to help me shine
 Think I don't need a girl to be alright
Guess I didn't know Thought I didn't need shoes on my feet
 Thought I didn't need a bed to fall asleep
 Thought I didn't need love to be complete
Guess I didn't know That I just got this crazy feeling
 I've been making someone wait for me
 For me You're all I think about when I'm awake
 Part of every night and every day
 And everything's a mess when you're away
 Now I ain't know All of this is getting really old
 I'm having trouble sleeping on my own
 Feeling like a house but not a home
 I want you to know That I just got this crazy feeling
I've been making someone wait for me, for me Guess I need a watch to tell the time
 Guess I need the sun to help me shine
 And I really need you in my life
 Now I know That you give me this crazy feeling
 And you won't have to wait no more for me
 For me And I just got this crazy feeling
 I've been making someone wait for me
