Hey Babe (give Me Ya Lovin')

Shareefa

Wassup baby?
Wassup?
You still up?
Mm hmm
I need some woman [incomprehensible]
Girl, I missed you
Hey babe, I've been waitin'
Where you been all night? I was calling you
Baby, take off your coat
'Cause I'm gonna take good care of you
Come close, I need you
Don't you worry about anything
We've been working late, baby
Now I'm home and you're here
No time to waste, I can't wait
Give me ya lovin'
Off the clock, now home to to you
So tell me if you ready to do
What we've been waitin' on
Give me ya lovin'
Workin' hard all the time
I see you've been calling me, yeah
Sounding so damn sweet, plus you so sexy
Light the fireplace for me
Pull all niter, I ain't working tomorrow
'Cause tonight is yours
We've been working late, baby
Now I'm home and you're here
No time to waste, I can't wait
Give me ya lovin'
Off the clock, now home to to you
So tell me if you ready to do
What we've been waitin' on
Give me ya lovin'
We've been working late, baby
Now I'm home and you're here
No time to waste, I can't wait
Give me ya lovin'
Off the clock, now home to to you

So tell me if you ready to do
What we've been waitin' on
Give me ya lovin'
I miss your touch
I miss your body
Give me some more
We sweatin' like a safari
That was just round two
We can go on forever
But I need some juice
Leak it to a river
We've been working late, baby
Now I'm home and you're here
No time to waste, I can't wait
Give me ya lovin'
Off the clock, now home to to you
So tell me if you ready to do
What we've been waitin' on
Give me ya lovin'
We've been working late, baby
Now I'm home and you're here
No time to waste, I can't wait
Give me ya lovin'
Off the clock, now home to to you
So tell me if you ready to do
What we've been waitin' on
Give me ya lovin'
