He's on My Side

Fiona

Heartless, cold and starless
my nights were all my own
I'd cast the shadows all alone
waiting so patiently
i got blinded by the tears but now it's clear to me
i have found a love i never knew
a neverending love so trueHe's on my side, he's on my side
he keeps on believing
he's on my side
yeah i'll love him forever
he's on my side
with a love i'll never loose
i'm breathless
in this darkness
just waiting for your touch
it's never meant so much
lasting love is so hard to find
the wheels go round and round
when lovers change their minds
but for the first time
when all is said and done
i know our love's forever young
He's everything to me
and as the days go by
i kno our love will never die
i feel it in my heart
it's lik a a brand new start
we'll never say goodbye
