

# Wake Up

## Fetty Wap

[Intro]

1738

Tellin' you guys how I feel and[Hook]

When you wake up in the mornin'

Mom's yellin' in your room

Like can I get 5 more minutes?

I ain't really trippin' over school

Let's get Wiz Khalifa high and

Get meditated over medicated

Get Wiz Khalifa high and

Throw your caps in the air like you know you made it

When you wake up in the mornin'

Mom's yellin' in your room

Like can I get 5 more minutes?

I ain't really trippin' over school

Let's get Wiz Khalifa high and

Get meditated over medicated

Get Wiz Khalifa high and

Throw your caps in the air like you know you made it[Verse 1]

I told moms I ain't trippin' over school cause I made it

Said, "Boy you got a son, supposed to be his inspiration"

Put a milli' in his bank account, don't leave him, I was thinkin'

I'll never do him wrong like they did the operation

Took the nigga's bitches from him, was a mothafuckin' cake

Said a couple years later they could give him back to him

Technology is movin' too slow, waitin' patiently

Shit, I don't wanna know more, this how I'm meant to be

Remember young kids in the school used to laugh at him

Guess I played my numbers real good, check the mathematics

Brought the Zoovy Zoo up, why they mad at him?

Man I bought about 12 cars just to [?]

Switch cost so much, don't know which one to blast at

And my bitch so bad and you know her ass fat

Wanna ride through, man, aye, Zoo'll laugh at

Zoo Gang my crew, won't put nothin' past that[Hook]

When you wake up in the mornin'

Mom's yellin' in your room

Like can I get 5 more minutes?

I ain't really trippin' over school

Let's get Wiz Khalifa high and
