Farther

Outspoken

Nothing much matters to me, so I don't see why
I should hold so tightly to a memory that I can't speak of
I think about it nightly, how you opened up your life for me
Why are you still lonely?
Though not the type who begs
Thinkin' how you'd open up your legs
And farther from you everyday
Alright, yeah, farther from you everyday
Farther alright
And a woman's talking to herself
Gathers up the shit she couldn't sell
Chances don't bode well tomorrow
And talking to myself pass by
I miss you but not the face you make
Like when you found me out for the fake
I am so easily, you see through me
What do you do to me to make me treat you so bad?
I keep hoping that you'll speak to me
But farther from you everyday
Yeah, oh yeah
Farther from you everyday
All I think about is waiting
And all the people we are fading into
Alright, farther from you everyday
Oh, oh, oh, oh, there was a sound, yeah, yeah
But I don't know how it goes, yeah, yeah
I remember all that we went through yeah, yeah
Blew in from the coast, yeah, yeah, yeah
You are of the earth, I am of the sky
I don't even know what the hell that means
Farther from you everyday
All I think about is waiting
And all the people we are fading into
Farther from you everyday
And I think about you dying years from now
Never having known who you are
Farther from you everyday
All I think about is waiting
And all the people we are fading into

Farther from you everyday
And I think about you dying years from now
Never having known who you are
Farther from you everyday
All I think about is waiting
And all the people we are fading into
Farther from you everyday
And I think about you dying years from now
Never having known who you are
Farther from you everyday
All I think about is waiting
And all the people we are fading into
