Celebrate

Levellers

Amid the sound and lights on a table with friends
Everybody's fine, they're all drinking wine, yeah
Was there you fell in love, in a crowded room
Not for the first but for the thousandth time, yeahSo you celebrate, you celebrate, you celebrate your love
With a little house just made for two
With all the lovely things you can buy brand new
You gonna settle down just the both of you
You gonna be a good soul from now on, yeahAnd when the sap first rose back in the day
You thought you'd play it smart the trail of broken hearts, yeah
You said, they won't find you, they won't find you
They won't find you just living in a box for twoBut now you celebrate, you celebrate, you celebrate your love
With a little house just made for two
With all the lovely things you can buy brand new
You gonna settle down just the both of youSo when you catch an eye
And your dancing heart starts telling you the lies
You're doing it to survive
What else could hurt so much it makes you cryYes, you celebrate, you celebrate, you celebrate your love
With a little house just made for two
With all the lovely things you can buy brand new
You gonna settle down just the both of you
You gonna be a good soul from now on, yeah
