

# Stand Out

Sabrina Carpenter

Don't sweat on the little things just  
Keep your eye on the bigger things cause  
If you look a little closer  
You're gonna get a better picture Your heart beats like a marching drum  
It's telling you to keep on walking on and  
You gotta find a little fire  
Shine your light a little brighter  
You and I were meant to fly like rockets in the night Keep your head up  
Shoot the clouds down  
Throw it all in  
Break your own ground And if your gonna make a mess make it loud  
And if your gonna take a stand  
Stand out Life is our game  
We can go play  
Shake up the rules  
Don't be afraid And if your gonna make a mess make it loud  
And if your gonna take a stand stand out Stand out  
Oh oh oh oh  
Stand out  
Oh oh oh oh  
Stand out  
Oh oh oh oh  
Stand out  
Oh oh oh oh Stand out Jump on to the roller coaster  
Up up, now  
We're getting closer  
We can be the silver lining  
For every treasure that is hiding We're coming on at the speed of light yeah  
Boom boom  
It's like dynamite  
We're gonna start a revolution  
Don't stop keep moving You and I were meant to fly like rockets in the night Keep your head up  
Shoot the clouds down  
Throw it all in  
Break your own ground And if your gonna make a mess make it loud  
And if your gonna take a stand  
Stand out Life is our game  
We can go play  
Shake up the rules

Don't be afraid And if your gonna make a mess make it loud

And if your gonna take a stand

Stand out Stand out

Oh oh oh oh

Stand out

Oh oh oh oh

Stand out

Oh oh oh oh

Stand out

Oh oh oh oh Stand out

Oh oh oh oh

Stand out

Oh oh oh oh

Stand out

Oh oh oh oh

Stand out

Oh oh oh oh Stand out Be the voice

Be the cause

Be the change

Be yourself

That's the best you can be You and I were meant to fly like rockets in the night Keep your head up

Shoot the clouds down

Throw it all in

Break your own ground And if your gonna make a mess make it loud

And if your gonna take a stand

Stand out Life is our game

We can go play

Shake up the rules

Don't be afraid And if your gonna make a mess make it loud

And if your gonna take a stand

Stand out Stand out

Oh oh oh oh

Stand out

Oh oh oh oh

Stand out

Oh oh oh oh

Stand out

Oh oh oh oh Stand out

Oh oh oh oh

Stand out

Oh oh oh oh

Stand out

Oh oh oh oh

Stand out

Oh oh oh oh Stand out
