

Come On In

Trinity Inspirational Choir

Come on in
Come on in and magnify the Lord
Come on in oh.....
Come on in and give God the praise
Come on in
Come on in and lifted up his name
Come on in
Come on in and bless the lord

Come on in
Come on in and magnify the Lord
come on in oh.....
come on in and give God the praise
come on in
come on in and lifted up his name
come on in
come on in and bless the lord

If you need a savior if you need healing come on in
come on in and bless the Lord
When you're down and out and you need a breakthrough come on in
come on in and bless the Lord

Oh come on in
come on in and magnify the Lord
come on in
come on in and give God the praise
come on in
come on in and lifted up his name
come on in
come on in and bless the lord

If you need a savior if you need healing come on in
come on in and bless the Lord
When you're down and out and you need a breakthrough come on in
come on in and bless the Lord

Oh come on in
come on in and magnify the Lord
come on in
come on in and give God the praise
come on in
come on in and lifted up his name
come on in
come on in and bless the lord

Oh come on in

Come on in

Just come on in

just come on in

if you need healing
Just come on in
if you need deliverance
Just come on in
just come on in
just come on in
just come on in

if you need power
the holy ghost power
just come on in
just come on in

there is peace
just come on in
there is joy
just come on in

just come on in
just come on in
just come on in
just come on in

Just come on in
Just come on in
Just come on in
just come on in
just come on in

just come on in
if you need power
just come on in
if you need healing
just come on in
If you need the holy
the holy ghost power

Oh come on in
come on in and magnify the Lord
come on in
come on in and give God the praise
come on in
come on in and lifted up his name
come on in
come on in and bless the lord
