

Never

The 69 Eyes

don't you count on suicide rates
to wipe me away
i can handle my own mistakes
if you gimme a shelter to stay
to wipe me away
i try to handle my own mistakes
gimme a shelter to stay
cops never get me
drugs never get me
fuck-ups never hit me
if you love me
cops never get me
drugs never get me
fuck-ups never hit me
if you love me
every time you hear the sirens call
to end this all
but they can't hurt me not anymore
if you don't let me fall
every time you hear the sirens call
to end this all
they can't hurt me not anymore
together we won't fall
cops never get me
drugs never get me
fuck-ups never hit me
if you love me
cops never get me
drugs never get me
fuck-ups never hit me
if you love me
if you love me
if you love me
if you love me
