

# Ghost in the Mirror

Mallory Knox

There's a ghost in the mirror  
I feel it creeping into your head  
Claiming another victim Is it me that you hear?  
And when the hatred rises up do you wish that I had been there?  
And there's a ghost in the mirror  
I feel it creeping up beneath me  
Holding out to my tongue Could it be any clearer?  
And if the Devil ain't a beast  
Then he's a bully to his loved ones Full throttle, full speed ahead  
And I'll move the earth around to save you  
In my head have a heart attack  
Without you, without you Full throttle, full speed ahead  
And the world will turn around  
It is only you and I  
Just try, just try There's a ghost in the mirror  
And in the loneliest of nights you can feel it coming closer  
Should've known that the fear  
Is gonna bury you beneath all the love that you held back And there's no hope in this mirror  
I feel it beating like the past  
Every second makes it clearer  
It's you and me in the mirror  
And I've let it go, like we've never ever been there Full throttle, full speed ahead  
And I'll move the earth around to save you  
In my head have a heart attack  
Without you, without you Full throttle, full speed ahead  
And the world will turn around  
It is only you and I  
Just try, just try Hold your heavy head, hold your heavy head  
And I drive up into the sky, drive into the sunrise  
Hold your heavy head, hold your heavy head upright  
Into the sky, into the sun blind  
Hold your heavy head, hold your heavy head  
And I drive up into the sky, drive into the sunrise  
Hold your heavy head, hold your heavy head upright  
Hold your heavy head, hold your heavy head upright Hold your heavy head, hold your heavy head  
Hold your heavy head, hold your heavy head upright Full throttle, full speed ahead  
And I'll move the earth around to save you  
In my head have a heart attack  
Without you, without you Full throttle, full speed ahead

And the world will turn around  
It is only you and I  
Just try, just try
