

# Why

## Ashanti

Another night, have you been where you say you been?  
So tell me why, in the hell you just strollin' in?  
Now I ain't got the patience to be playin', boy  
I've been waitin' by the phone just to hear your story  
Gettin' tired of them same lame excuses comin'  
Now tell me, do you have the answer to my question? Why you can't love me enough not to cheat?  
And why ain't my heart strong enough not to leave?  
And why do I stay knowin' all that you do?  
And why am I so much in love in with you, baby? I gave you all of me, you were my story  
My future, my everything  
How could you betray me?  
All I did was love you, all I did was trust you  
Thought that it was us two I gave you all of me, you were my story  
My future, my everything  
How could you betray me?  
All I did was love you, all I did was trust you  
Thought that it was us two It seems like you think it's cool to run around with other chicks  
While I'm sittin' home, tryna figure why it's you I'm with  
What's a girl to do? 'Cause I done had enough of you  
I don't wanna stay another day waitin' like a fool It ain't like I ain't fly, and can't find another guy  
It's matters of the heart, got me stayin' and I don't know why  
'Cause I love you like no other, I touch you like no other  
Even  
(Uhh)  
Like no other, got your back like no other Now I ain't got the patience to be playin', boy  
I've been waitin' by the phone just to hear your story  
Gettin' tired of them same lame excuses comin'  
Now tell me, do you have the answer to my question? Why you can't love me enough not to cheat?  
And why ain't my heart strong enough not to leave?  
And why do I stay knowin' all that you do?  
And why am I so much in love in with you, baby? I gave you all of me, you were my story  
My future, my everything  
How could you betray me?  
All I did was love you, all I did was trust you  
Thought that it was us two I gave you all of me, you were my story  
My future, my everything  
How could you betray me?  
All I did was love you, all I did was trust you  
Thought that it was us two Said I don't know what it is that you're thinkin'

'Cause what you did to me is comin' back to get you, babe  
Hey, you better be careful out there  
'Cause you ain't never gonna find like me, babe Why you can't love me enough not to cheat?  
And why ain't my heart strong enough not to leave?  
And why do I stay knowin' all that you do?  
And why am I so much in love in with you, baby? I gave you all of me, you were my story  
My future, my everything  
How could you betray me?  
All I did was love you, all I did was trust you  
Thought that it was us two I gave you all of me, you were my story  
My future, my everything  
How could you betray me?  
All I did was love you, all I did was trust you  
Thought that it was us two Ohh, ohh, hey, hey
