Shark

Elli Schoen

Falling like a rock
Deep into your ocean
Now I'm frozen
Will I ever thore out

I lost myself
Deep inside your forest
Now I'm anxious
I'll never be found

CHORUS
I'm stuck here
Stuck inside your fortress
Am in too deep can i run
Run from your love

I'm stuck here
Stuck inside your concrete
Am I in too deep
Can I run
Can I run
Run, run from your love

VERSE
You smash through like a brick
Straight in to my window
Now I follow
Your down the wrong path

You played me like a fool
Like a video game
Thank god I have my mates
To pick me back up

CHOURS
I'm stuck here
Stuck inside your fortress
Am in too deep can i run
From your love

I'm stuck here
Stuck inside your concrete
Am I in too deep
Can I run
Can I run
Run
Can I run, run from your love

BRIDGE
I, I wondered
Into your trap
I should know better
Better than that..

I, I wondered
Into your Trap
I should know better
Better than that..

It was quick
but i guess
it wasn't quick enough
it was fake

i guess, i guess you faked your love
you were young
your a shark
thats why your a shark
thats why your skin your skin
your skin is so tough

Sorry Ma
My bed, my bed my bed it wasnt good enough
It was quick
But i guess, it wasnt quick enough
It was fake
I guess, I guess you faked your love

You were young, your a shark
Thats why your skin, your skin,
Your skin so tough
Sorry ma

My bed, my bed, my bed it wasn't good enough

I can run, I can run,
Run from your love

I can run, I can run,
Run from your love

You were young
Your a shark
That's why your skin
your skins so tough
