Burning In the Aftermath

The Suicide Machines

Since 1989 it seems that everyone'sforgotten the time when
intercontinental ballistics ruled the
world and the cold war raged[Chorus:] Nuclear Family Nuclear War [4x]Alarming to me it seems that
ignoranceis still a disease and how so many
haven't a clue or a care about the threatthat still hangs over our heads[Chorus 8x]Burning in the aftermath [4x]
