Silent Assasin

Entombed A.D.

Humiliation, a way of life
Run to redemption, heavens worth the strife
Hostile environment, cannibalism
And for the hungry, killing need no schismSilent assassin, I come
Poor praying mantice, run!
No need for second reasons, you're done
The other mantice won the ever storming sea
Is the place to be
Mark my words
If you wanna be you've got to see
You've got to seeRun away on broken bones
Castaway I hear then moan
Speak you fear, know it's true
Name your fear - it's you!Under surveillance, anomaly
Strange sensation strain
Consideration, think again
You live your life in vainSilent assassin, in for the kill
Packed with venom, final kiss
Up the ladder and into the abyss
Hear the fork-tounged hissBoil in oil
Have them eat the soil
Mark my words
If you wanna be you've got to see
You've got to see!Run away on broken bones
Castaway I hear them moan
Speak your fear, knowIt's true
Name your fear - it's you!Uh!
Gateway to another world
Nemesis
The gaze in their eyes, the teeth in their smileBoil in oil
Have them eat the soil
If you wanna be you've got to see
You must see!Lift your eyes and shake your fist
You are on my bucket listSpeak your fear, know it's true
Name your fear - it's you!
