Close to You

Bebel Gilberto

I'm all alone
In my sleepless nights
Even though it's you
Playing on my mindAll this I've tried to hide
All the things I felt inside
And all my words have been tornI wanna be close to youTantos versos eu rasguei
Tantas vezesquis mudar
Quantas lgrimas sequei
Sem seu olharTanto tempo eu contei
Por voc ento sonhei
Tantas horas sem um porquI wanna be close to you
