

Your Final Execution

Depraved Plague

Today is your time to die
You won't be killing anymore
The end of your sick regime
You changed the world in the wrong ways

Tyrant of the common people
Around the whole world at large
Abusing the trust given to you
Killing everyone
Tyrant of the common people
Around the whole world

Can't you see that
You did no good
You must pay for
All the bloodshed you caused

You. Will. Die.
By. My. Hands.

Your. Final.
Ex. ecution.
