Chevy

Cherish

Treat me like ya Chevy, you can show me off
You can let my top back any time you want it
Baby, come and shine me, hit the gas slow
Crank up my ignition, take me for a rollTake her to the spot, take her to the club
Sexy wood grain wheels sittin' on dubs
You can keep it gangsta
'Cause she ain't no wankstaSeat laid back and I ride with a lean
Give me that treatment, you know what I mean
Might hit the chrome ooh man it gleams
Sexiest thing on the block, that you seenI know you wanna taste this candy paint
But you can't go far unless you fill the tank
Comin' down, swerving lanes in reverse watch me
Do my thang, I'm about to make my body singTreat me like ya Chevy, you can show me off
You can let my top back any time you want it
Baby, come and shine me, hit the gas slow
Crank up my ignition, take me for a rollTreat me like ya Chevy, you can show me off
You can let my top back any time you want it
Baby, come and shine me, hit the gas slow
Crank up my ignition, take me for a rollBaby, wassup? Do you wanna ride?
Put me in gear from 3rd to 5
Watch me do it while you get into it
Turn on the radioPlay slow jams, junk in the trunk
Got 'em saying damn
Put your ride in my Cam
Rev me up like I know you canI know you wanna taste this candy paint
But you can't go far unless you fill the tank
Comin' down, swerving lanes in reverse watch me
Do my thang, I'm about to make my body singTreat me like ya Chevy, you can show me off
You can let my top back any time you want it
Baby, come and shine me, hit the gas slow
Crank up my ignition, take me for a rollTreat me like ya Chevy, you can show me off
You can let my top back any time you want it
Baby, come and shine me, hit the gas slow
Crank up my ignition, take me for a rollI'm about to make my body sing
I'm about to make my body sing
I'm about to make my body sing
I'm about to make my body singTreat me like a Chevy baby, do me like you want to baby
Come on, come on, come on, come on, sayTreat me like ya Chevy, you can show me off
You can let my top back any time you want it

Baby, come and shine me, hit the gas slow
Crank up my ignition, take me for a rollTreat me like ya Chevy, you can show me off
You can let my top back any time you want it
Baby, come and shine me, hit the gas slow
Crank up my ignition, take me for a roll
