Everything's Okay

Reggie and the Full Effect

Advisory - the following lyrics contain explicit language:

Can't tell you everything's gonna be okay
I wish I could and make your problems go awayYou always dis me on your phone
But I don't even care
You sit on your sofa
Watch TV while I stare, heyI knew you couldn't make me go away
We'll beat your boss up and say
"Hey, fat guy get the fuck out of my house"Now you go out with all your friends
And you'll hang out at the mall
We'll go play pinball, and hopefully
You will let me drive your carNow don't think that your money's gone
I'll save some with you when I have some
We can hang out cheap and eat ramen
Friendship first should be your mottoCan't tell you everything's gonna be okay
I wish I could and make your problems go away
