

# Devil Town

## Bright Eyes

I was living in a devil town  
I didn't know it was a devil town  
Oh, Lord, it really brings me down about the devil town All my friends were vampires  
I didn't know they were vampires  
It turns out I was a vampire myself in the devil town I was living in a devil town  
I didn't know it was a devil town  
Oh, Lord, it really brings me down about the devil town All my friends were vampires  
I didn't know they were vampires  
It turns out I was a vampire myself in the devil town I was living in a devil town  
I didn't know it was a devil town  
Oh, Lord, it really brings me down about the devil town  
About the devil town I was living in a devil town  
I didn't know it was a devil town  
Oh lord it really brings me down about the devil town
