Movin

Youandewan

Ya, this is the RedOne
With KMC, yeah!
Sitting on this tough flow
Flyer then ever, landed on the rooftop
Let's get it!Do you feel like movin', movin'
Do you feel like movin', movin'
Do you feel like movin', movin'
Everybody put your hands in the air!
Do you feel like movin', movin'
Do you feel like movin', movin'
Do you feel like movin', movin'
Everybody put your hands in the air!
Do you feel like movin', movin'
Do you feel like movin', movin'
Do you feel like movin', movin'
Everybody put your hands in the air!I'mma spend it all on you like it's my payday, girl
Have you sipped your finest, 'cause it's Thursday, girl
Let's hit the club, let's hit the club
Let's hit the club, let's hit the club
So, I'mma make it look like it's your birthday, girl
Keep it up, don't keep it on the low
Bam-ti-bam the party on the floor
All my people on the there, come
There's a party over here, say(Daddy keep the party)Do you feel like movin' movin'
Do you feel like movin' movin'
Do you feel like movin' movin'
Everybody put your hands in the air!
Do you feel like movin' movin'
Do you feel like movin' movin'
Do you feel like movin' movin'
Everybody put your hands in the air!
Do you feel like movin' movin'
Do you feel like movin' movin'
Do you feel like movin' movin'
Everybody put your hands in the air!Keep movin' til you set this place on fire, yea
Tonight we do what we desire, yea
Let's hit the club, let's hit the club
Let's hit the club, let's hit the club
So, I'mma tell you when this party's over yea

Keep it up, don't keep it on the low
Bam-ti-bam the party on the floor
All my people on the there, come
There's a party over here, say(Daddy keep the party)Do you feel like movin' movin'
Do you feel like movin' movin'
Do you feel like movin' movin'
Everybody put your hands in the air!
Do you feel like movin' movin'
Do you feel like movin' movin'
Do you feel like movin' movin'
Everybody put your hands in the air!
Do you feel like movin' movin'
Do you feel like movin' movin'
Do you feel like movin' movin'
Everybody put your hands in the air!BANG! ONE TIME FOR THE PEACE!
