Nothin' Gets Nothin'

Killer Dwarfs

Nothing but heartbreak
Nothing but pain
People on people
Drive each other insaneWhy can't we live
And let live like they say
Stop all this madness
That's causing dismayNothin' gets nothin'
Except what you give
Nothin' gets nothin'
You get what you giveBecause I can feel
Your soul from here
I'll reach right in
And steal your fearsWhy can't we live
And let live like they say
Stop all this madness
That's causing dismayNothin' gets nothin'
Except what you give
Nothin' gets nothin'
You get what you giveOut of the darkness
And into the light
You only get out
What you put into life
