

# Nothin' Gets Nothin'

## Killer Dwarfs

Nothing but heartbreak  
Nothing but pain  
People on people  
Drive each other insane Why can't we live  
And let live like they say  
Stop all this madness  
That's causing dismay Nothin' gets nothin'  
Except what you give  
Nothin' gets nothin'  
You get what you give Because I can feel  
Your soul from here  
I'll reach right in  
And steal your fears Why can't we live  
And let live like they say  
Stop all this madness  
That's causing dismay Nothin' gets nothin'  
Except what you give  
Nothin' gets nothin'  
You get what you give Out of the darkness  
And into the light  
You only get out  
What you put into life
