Serenade

Shocking Blue

All delights, all smiles
All sorrows, all passions
All rain, all tears
All mystery's, all fears.They all bring you a serenade my love
They all bring you, a serenade yes they do.
They all bring you a serenade my love
They all bring you, a serenade yes they do.All midnights, all stars
All emotions, all thoughts
All mountains, all rocks
All guitars, all lutes
All music, all flutes.Lyrics and music: Robbie van Leeuwen
