

# The Garden

## Take That

And the fishermen came back across the water  
And the people started running in the park  
And the city stopped as I held you in my arms  
We could hear the sounds of sirens all around us  
And the scent of burning oil was in the air  
And the music played and it felt so good to hear  
This is the life we've been given  
So open your mind and start livin'  
We can play our part if we only start believing  
Yeah  
There's a stranger on the hill and he is speaking  
As the tears from every cloud begins to fall  
For one moment then we understood it all  
Everyone, everyone, can you hear the soldiers coming?  
And everyone, everyone, every man and every woman  
We all fall in the end, we're just miracles of matter  
So come on let me love you  
This is the life we've been given  
So open your mind and start livin'  
We can play our part if we only start believing, oh  
Yeah, this is the life we've been given  
So open your heart and start lovin'  
We can make a start if we only learn to listen, yeah  
Then the crowd began to head for the horizon  
A million people walking back to work  
But you and me, we just laid down in the garden  
Yeah, you and me, we just laid down in the garden  
'Cause this is the life we've been given  
So open your mind and start livin'  
We can play our part if we only start believing, oh  
Yeah, this is the life we've been given  
So open your heart and start lovin'  
We can make a start if we only learn to listen, yeah  
Ooh, ohh, yeah, you and me  
We just laid down in the garden  
Yeah, the garden
