

# Texas Swing

## Clay Walker

I love flying down the road, Buddy make this big rig roll  
We got miles and miles to go before we sleep  
From the big sky of Montana to the peaches in Savannah  
We're on our way to play that Texas swing Dallas, Fort Worth, Amarillo on down to San Antone  
Gonna turn it loose in Houston y'all it's good to be back home  
Lubbock, Texarkana, Corpus, Austin, Abilene  
Man we love to play that Texas swing Saw the lights in New York City up in Maine the leaves were pretty  
California knows what Western really means  
Partied down in Arizona, swung up through Oklahoma  
Now we're all turned up to do that Texas swing Dallas, Fort Worth, Amarillo on down to San Antone  
Gonna turn it loose in Houston y'all it's good to be back home  
Lubbock, Texarkana, Corpus, Austin, Abilene  
Man we love to play that Texas swing, go on and swing it Coast to coast, people love to swing  
But when you get down to in  
Bob Wills is still the king Dallas, Fort Worth, Amarillo on down to San Antone  
Gonna turn it loose in Houston y'all it's good to be back home  
Lubbock, Texarkana, Corpus, Austin, Abilene  
Man we love to play that Texas, I sure do love Texas  
And I was born and raised on Texas swing, yeah
