Heard The World

O.A.R. (... Of A Revolution)

I just heard the world
Is breaking down into bits again
Tell me, what am I to do?
You just want me to stay here
So I'm just going to stayThe home, our last resort
I built a castle with an iron door
Lock the window, pull the shades
The hazed out sun won't help anywayIf the world is crumbling down
I don't want to be alone, no
Locked up in this placeI heard the world up late night
Holding my breath tight
Trying to keep my head on right
There's a chill in the air
Nobody could care how you're
Caught up in the fight of your lifeFear is bringing me here
The television got me seeing unclear
Bravery my neighbor, moved away
'Cause I don't need to be courageous todayAnd If that world is crumbling down
I don't want to be alone, no
Locked up in this placeWhen I heard the world up late night
Holding my breath tight
Trying to keep my head on right
There's a chill in the air
Nobody could care how you're
Caught up in the fight of your lifeI heard the world up late night
Holding my breath tight
Trying to keep my head on right
There's a chill in the air
Nobody could care how you're
Caught up in the fight of your lifeNothing's gonna save me
I'm hanging from the nearest tree
Nothing's gonna save me
I'm hanging from the nearest treeWhen I heard the world up late night
Holding my breath tight
Trying to keep my head on right
There's a chill in the air
Nobody could care how you're
Caught up in the fight of your lifeI heard the world up late night
Holding my breath tight

Trying to keep my head on right
There's a chill in the air
Nobody could care how we're
Caught up in the fight of your lifeWhen I heard the world of late night
See I'm holding breath tight
I'm trying to keep my head on right
There's a chill in the air
Nobody could care how we're
We're caught up in the fight of our livesI heard the world of late night
Holding my breath tight
Trying to keep my head on right
There's a chill in the air
Nobody could care
We're caught up in the fight of our lives
