

# Slave to the Rhythm

Grace Jones

You work all day, and men you know  
The wheels must turn to keep the flow  
Build on up, don't break the chain  
Sparks will fly, when the whistle blows Slave to the rhythm  
Slave to the rhythm  
Work to the rhythm You build on up, don't break the chain  
Sparks will fly, when the whistle blows  
Fire burns, heart beats strong  
Sing out loud, the chain gang song Slave to the rhythm  
Slave to the rhythm  
Slave to the rhythm  
Slave to the rhythm Never stop the action  
Never stop the action  
Never stop the action  
Keep it up, keep it up  
Oh never stop the action Slave to the rhythm  
Keep it up, keep it up  
Never stop, never stop  
Keep it up Love to the rhythm  
Slave to the rhythm  
Live to the rhythm  
Love to the rhythm
